Just Development Series 5

Prisma 

&

SHAKER
PUBLISHING

The '*Just Development* series' is published by Prisma, association of Christian organisations in development cooperation, in collaboration with Shaker Publishing. This series aims to contribute to the reflection and debate on global cooperation in development in an accessible and scientifically warranted way, in which special attention is given to worldview and religious perspectives. The series contains books in Dutch and in English meant for professionals and other interested people involved in this field.
